

## Conferencia Natalia Bakaeva

Desde el Lun, 21/10/2024 - 12:00

### conferencia

Damos difusión a la conferencia de **Natalia Bakaeva**, arquitecta con más de 10 años de experiencia en construcción residencial, además de su experiencia en otras áreas de la arquitectura, urbanismo e interiores.

Biography: Natalia Bakaeva is a registered architect OAA, artist, and placemaker passionate about creating physical forms that reflect diverse cultural influences. She has worked on residential, commercial, healthcare, educational, and public space art projects. Born and raised in the Far East of Russia, her global journey includes Japan, Spain, Moscow, London, and Toronto, where she resides. Natalia's dedication to the sustainability of architectural practice and diverse background led her to co-found ARKI, where she focuses on incorporating AI and smart technology into design workflows. ARKI leverages AI to address the issue of unused architectural data, transforming past design expertise into a searchable data hub, and enabling architects to monetize their existing knowledge. Her approach empowers architects to focus on creativity and efficiency, enhancing economic and sustainability outcomes in the built environment.

**“Advance AI integration: Streamlining Architectural Creativity”.**
